AUTO CLUB ELECTED OFFICERS

WILL BEGIN A CAMPAIGN FOR BETTER ROADS. BY-LAWS AND CONSTITUTION NOW IN HANDS OF COMMITTEE.

The Ardmore Motor Association, met at the rooms of the chamber of commerce Friday afternoon and elected permanent officers to serve for the ensuing year. Judge Harrel who has been acting as temporary president of the association since its formation, declined to serve in a like capacity in the permanent organization on account of pressing personal business, and Mark Kirkpatrick was elected president by acclamation.

Judge Harrel consented to accept the post of vice-president, as it would not interfere with his other duties, and he was chosen as such.

Carl von Nordheim was elected secretary-treasurer.

A committee of three was appointed by the chair to draft proper by-laws and a constitution, to be reported back to the club as soon as completed. The committee consists of Mark Kirkpatrick, W. B. Johnson and C. von Nordheim. It is proposed to discuss the matters of the club at the smoker to be given by the chamber of commerce Monday night, especially as the majority of the motorists are also members of the Chamber of Commerce. Those who are not, are cordially invited to be present. It is now thought probable that the committee on constitution and by-laws will be able to make a complete report at this meeting, but for the information of those who are asking—"Well, what is the Automobile Club for, what is it going to do?" we are able to give the following which will practically constitute the article of the constitution to be headed "Object:"

"Object—To afford means of recording the experiences of members and others using motor vehicles or automobiles. To promote original investigation in the development of motor carriages. To co-operate in securing rational legislation and the formation of proper rules and regulations governing the use of automobiles in city and country, and to protect the interests of owners and users of automobiles against unjust and unreasonable legislation, and to maintain the lawful rights and privileges of owners and users of all forms of self-propelled vehicles whenever, and wherever such rights and privileges are menaced. To promote and encourage in all ways the construction and maintenance of good roads and the improvement of existing highways, and especially to see that the great fund which is being accumulated in this state since the going into effect of the new highway law of the State of Oklahoma, be invested and used in the territory in which it is being collected—and generally to maintain a club devoted to automobilism. Promotion of sociability and friendliness among auto owners."

The meeting was well attended by many of the local autoists, and starts out with every indication of success, and will be able to do much toward promoting interest in good roads throughout this section.
